## DISCLAIMER

The financial data in this report, unless otherwise noted, was obtained from reports filed with the National Credit Union Administration (NCUA), the regulatory agency for credit unions. Although the data received from this source is consistently reliable, its accuracy and completeness cannot be guaranteed by BauerFinancial, Inc. In fact, an astute investor would agree, and experience has shown, that marginally performing institutions frequently give themselves the benefit of the doubt when filing their reports. Our historical data helps us detect these variances.

## INTRODUCTION

The financial data used to prepare this report, unless otherwise noted, was derived from data provided by the National Credit Union Administration (NCUA). The database contains data on federal and state credit unions derived from the Form #5300 report that each credit union submits quarterly. The data is then reviewed and classified by the NCUA prior to publication and released approximately three months after the end of the period.

## STAR RATING SYSTEM

BauerFinancial's star ratings classify each institution based upon a complex formula which factors in relevant data including, but not limited to: current capital levels, proposed regulations, profitability, historical trends, loan delinquencies, repossessed assets, reserves, regulatory compliance and asset quality. Negative trends are projected forward to compensate for the lag time in the data. We employ conservative measures when assigning these ratings and consequently our analysis may often be lower than those supplied by other analysts or the institutions themselves. Nearly twenty-five years of experience has shown this to be a prudent course of action. As a general guideline, however, the following groupings were used:

- \*\*\*\*\*** :Superior. These institutions are on BauerFinancial's Recommended Credit Union Report.
- \*\*\*\*** :Excellent. These institutions are also on BauerFinancial's Recommended Credit Union Report.
- \*\*\*** :Adequate.
- \*\*** :Problematic.
- \*** :Troubled.
- ZERO** :Our lowest rating.
- N.R.** :Not rated. The institution's shares are not federally insured or it has assets less than \$1.5 million.
- S.U.** :Start-up credit union. Institutions that are too new to rate.

Institutions with three or more stars meet all current regulatory capital requirements.
